

Everest College (Corinthian College)

Location:

Fort Worth, Texas

Size:

67,000 SF

Owner / Developer:

Mercantile Partners

Role:

General Contractor

Building Type:

Educational / Office

About This Project:

- Features a large medical lab / class room, with an open area for student work tables, medical cubical curtains and patient tables to emulate operating / treatment room environments.
- Each of the eight PC labs has 20 student computers with recessed desktop monitors, and hidden network/power cabling.
- The club-styled student lounge is finished with a red / black / silver color scheme. A silver corrugated steel panel with a wave-cut design spans one wall, with large wood tiles cut in a matching wave design covering another. The room is finished with a split-finish floor design.
- Class and meeting rooms, offices and a break area.
- Each corner of the building showcases a two-story curtain wall of windows.
- The lobby features a curved balcony and Pantheon Greek Lido tile flooring.
