About This Project:

- Upscale suite finish-out in conjunction with construction of shell building.
- A large open area stocked with ergonomically designed modular furniture and 22 enclosed offices dominate the Origen suite's work space.
- The facility includes a substantial network infrastructure, including a computer center with its own environmental and power control systems. The entire facility has its own power backup and can continue to operate even with a loss of external power to the building.
- Finely finished reception area includes a split wood / carpet floor pattern.
- Other special rooms include a large training area with raised access flooring, conference rooms and a boardroom with staggered pattern plank flooring and a diffused lighting.
- Spacious break room provides kitchen facilities, vending machines and modern décor.
