

# Westwood College

**Location:**

Fort Worth, Texas

**Size:**

44,000 SF

**Owner / Developer:**

Mercantile Partners

**Role:**

General Contractor

**Building Type:**

Office

## About This Project:

- Bob Moore Construction was the general contractor for this 44,000 SF finish-out, as part of their construction of the 85,557 SF Mercantile Tech Center 1 Building.
- The Westwood campus welcomes students and guests with a masonry and glass block reception area.
- The school's extensive education space includes 22 large classrooms with comprehensive audio-visual capabilities, and one double-sized classroom that can be divided by a motorized partition wall.
- Students use small study coves in the hallways, or relax from their studies in a large commons area.
- The teachers and administration areas feature office clusters and executive work areas.
- Angled hallways with creative tile patterns, dramatic columns and curved ceiling beams give the school a sleek, modern look.
