

Westwood College

Location:

Fort Worth, Texas

Size:

44,000 SF

Owner / Developer:

Mercantile Partners

Role:

General Contractor

Building Type:

Office

About This Project:

- Bob Moore Construction was the general contractor for this 44,000 SF finish-out, as part of their construction of the 85,557 SF Mercantile Tech Center 1 Building.
- The Westwood campus welcomes students and guests with a masonry and glass block reception area.
- The school's extensive education space includes 22 large classrooms with comprehensive audio-visual capabilities, and one double-sized classroom that can be divided by a motorized partition wall.
- Students use small study coves in the hallways, or relax from their studies in a large commons area.
- The teachers and administration areas feature office clusters and executive work areas.
- Angled hallways with creative tile patterns, dramatic columns and curved ceiling beams give the school a sleek, modern look.
