About This Project:

- Numerous warehouses were consolidated and the Operations for Blockbuster were relocated in this 850,000 SF commercial building built by Bob Moore Construction.
- The new building supports warehouse, distribution center, data center and administrative office operations.
- The project was turned over to Blockbuster in phases on an extremely aggressive schedule and during one of the worst winters and springs in Texas history - 81 days in the schedule were lost to inclement weather.
