Company Profile

In August 1946 WWII Navy veteran Bob Moore and his crew tightened the last screw, rolled up the remaining tools and officially completed the first Bob Moore Construction project . . . on time and in budget. With that very first Quonset hut began a legacy that has spanned over seven decades, extended from coast to coast, and includes a billion dollars worth of quality construction projects for some of the best known companies in the United States.

For over 70 years, Bob Moore Construction has been a recognized industry leader. Our clients look to us time and time again to fulfill their project needs. The simple fact is that once you work with Bob Moore Construction, you are more than just another client; you are a part of the family.
